

NATIONAL UNIVERSITY – SUDAN (NUSU)

Faculty of Computer Science and Information Technology

Formative assessment

Semester:1

Subject Name: Introduction to Computer Science

Date:20/1/2026 Time: 1 hour

Name:.....

Q1: Choose the correct answer:

1. What is the main function of the Central Processing Unit (CPU)?

- A) Analyze data and execute instructions
- B) Display output
- C) Store data permanently
- D) Input data only

2. Which of the following is a main component of the CPU?

- A) RAM
- B) Control Unit (CU)
- C) Hard Disk
- D) Input Unit

3. The Arithmetic and Logic Unit (ALU) is responsible for:

- A) Controlling input and output devices
- B) Managing secondary storage
- C) Storing permanent data
- D) Performing arithmetic and logical operations

4. Which type of computer is used for general purposes?

- A) Single-purpose
- B) Multi-purpose
- C) Analog
- D) Digital

5. Which generation of computers used vacuum tubes?

- A) Second generation
- B) Third generation
- C) First generation
- D) Fourth generation

6. The World Wide Web (WWW) is:

- A) A global hardware network
- B) A collection of websites accessed through the Internet
- C) A type of operating system
- D) A programming language

7. Which programming language appeared in the second generation?

- A) BASIC
- B) FORTRAN

- C) Python
- D) Java

8. What is the function of compiler software?

- A) Manage computer memory
- B) Control hardware devices
- C) Display output
- D) Convert programs into machine language

9. What is software?

- A) Non-physical units that control hardware to perform
- B) tasks Physical parts of the computer
- C) Input devices only
- D) Storage devices

10. Writing a program is called:

- A) Processing
- B) Compiling
- C) Programming
- D) Executing

11. One of the main goals of an operating system is to:

- A) Design hardware
- B) Execute user programs
- C) Manufacture computers
- D) Write application software only

12. Which interface allows direct command entry by the user?

- A) GUI
- B) Menu-driven interface
- C) Touch interface
- D) CLI

13. Which of the following is NOT a component of a computer system?

- A) Hardware
- B) Operating System
- C) Application Programs
- D) Compiler

14. Which technology is used to create and structure web pages?

- A) HTTP
- B) TCP/IP
- C) FTP
- D) HTML

15. Which type of network covers a small area such as an office or building?

- A) LAN
- B) MAN
- C) WAN
- D) Internet
